| ene. 2000-<br>jun. 2001 | Arganda del Rey,<br>Madrid (España) | <b>XII curso de especialización en materiales cerámicos y vidrios.</b> Programa de doctorado de la Universidad Autónoma de Madrid. Organiza el Instituto de Cerámica y Vidrio del Consejo Superior de Investigaciones Científicas. Para mayor información dirigirse a: Instituto de Cerámica y Vidrio (CSIC). Antigua Ctra. Madrid-Valencia, km 24,300. 28500 Arganda del Rey, Madrid (España). Tel.: 91 871 18 00. Fax: 91 870 05 50. E-mail: ICV@ICV.CSIC.ES |
| Mar.                    | Sao Paulo<br>(Brasil)               | <b>26th national meeting on welding technology.</b> Patrocina: Associação Brasileira de Soldagem. Para mayor información dirigirse a: Associação Brasileira de Soldagem. Rua Correia Vasques 67, CEP 04038, Sao Paulo (Brasil). Fax +5511 5713881.                                                                                                                                                                                                             |
| Mar.                    | Melbourne,<br>FL, (EE.UU.)          | <b>MACM 2000: 8th international conference on marine applications of composite materials.</b> Patrocina: Composites Education Association. Para mayor información dirigirse a: Conference Manager, Composites Education Association, 7705 Technology Drive, W. Melbourne, FL 32904-1576 (EE.UU.). Tel.: (407)951 9464.                                                                                                                                         |
| Mar.                    | San Sebastián<br>(España)           | <b>1ª jornada de metalografía.</b> Organiza INASMET - Centro tecnológico de materiales. Para mayor información dirigirse a: INASMET. Camino de Portuexe, 12. 20018 Donostia-San Sebastián (España). Tel.: 943 316 622. Fax: 943 217 560.<br>Internet: <a href="http://www.inasmet.es">http://www.inasmet.es</a> . E-mail: <a href="mailto:aolaizo@inasmet.es">aolaizo@inasmet.es</a>                                                                           |
| 5-7 mar.                | Barcelona<br>(España)               | <b>6th international bauxite &amp; alumina seminar.</b> Para mayor información dirigirse a: Metal Bulletin Conferences. Park House. Terrace. Worcester Park. Surrey, KT4 7HY (Reino Unido). Tel.: +44(0)20 7827 9977. Fax: 44(0)20 8335 3994. E-mail: <a href="mailto:conferences@metalbulletin.plc.uk">conferences@metalbulletin.plc.uk</a>                                                                                                                   |
| 5-9 mar.                | Newport Beach,<br>CA (EE.UU.)       | <b>SPIE'S 7th annual international symposium on smart structures and materials.</b> Patrocina: SPIE. Para mayor información dirigirse a: SPIE, PO Box 10, Bellingham, WA 98227-0010 (EE.UU.). Tel.: (360)676 3290. Fax: (360)647 1445. E-mail: <a href="mailto:abstracts@spie.org">abstracts@spie.org</a>                                                                                                                                                      |
| 6-9 mar.                | Tsukuba<br>(Japón)                  | <b>5th international symposium on advanced physical fields.</b> Fabrication and characterization of atomic scale structures. Organiza el National Research Institute for Metals en Tsukuba (Japón). Para mayor información dirigirse a: COE Office, National Research Institute for Metals. Sakura 3-13, Tsukuba-shi, 305-0003 (Japón). Tel.: +81-298-59-5005. Fax: +81-298-59-5010. E-mail: <a href="mailto:apf5@nrim.go.jp">apf5@nrim.go.jp</a>              |

|            |                                       |                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
|------------|---------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 8-10 mar.  | Sydney<br>(Australia)                 | <b>Renewable energy for the new millennium.</b> Para mayor información dirigirse a: The Meetings Manager Pty Ltd. (ACN 065 936 192). 2nd floor 81_ George street. The Rocks Sydney NSW 2000 (Australia). Tel.: +612 9241 2955. Fax: +612 9241 5354. E-mail: meetings@tmm.com.au                                                                                                                                                                                              |
| 12-16 mar. | Nashville, TN<br>(EE.UU.)             | <b>2000 TMS annual meeting and exhibition.</b> Patrocina: Minerals, Metals and Materials Society TMS. Para mayor información dirigirse a: Minerals, Metals and Materials Society (TMS), Conference Dept, 184 Thorn Hill Road, Warrendale, PA 15086 (EE.UU.). Tel.: (724)776-9000. Fax: (724)776-7770. E-mail: csc@tms.org                                                                                                                                                    |
| 16-17 mar. | Estrasburgo<br>(Francia)              | <b>Conference internationale sur le cubilot.</b> Organizada conjuntamente con el CTIF (Centre technique des industries de la fonderie) y la VDG (Verein Deutscher Giessereifachleute). Para mayor información dirigirse a: Christine Monediere. Direction Marketing. CTIF - 44, av. de la Division Leclerc. 92318 Sevres Cedex (Francia). Tel.: 01 41 146 322. Fax: 01 45 341 434. Internet: <a href="http://www.ctif.com">http://www.ctif.com</a> . E-mail: ctif@wanadoo.fr |
| 20-22 mar. | Tuscany<br>(Italia)                   | <b>Workshop on carbon/carbon composites.</b> Patrocina: ORNL. Para mayor información dirigirse a: Dr. Tim Burchell, Oak Ridge National Laboratory, PO Box 2008, MS6088, Oak Ridge, TN 37831-6088 (EE.UU.). Tel.: (423)576-8595. Fax: (423)576-8424. E-mail: burcheltd@ornl.gov                                                                                                                                                                                               |
| 20-24 mar. | Guilford, Surrey<br>(Reino Unido)     | <b>Short course on Corrosion and corrosion control.</b> Para mayor información dirigirse a: Derek Saunders Manager of Continuing Education. School of Mechanical and Materials Engineering. University of Surrey Guilford GU2 5XH (Reino Unido). Tel.: +44(0)1483 879 612. Fax: +44(0)1483 876 291. E-mail: D.Saunders@surrey.ac.uk                                                                                                                                          |
| 26-29 mar. | Pittsburgh, PA<br>(EE.UU.)            | <b>83rd steelmaking &amp; 59th ironmaking conferences.</b> Patrocina: Iron and Steel Society of the AIME. Para mayor información dirigirse a: Iron and Steel Society of AIME. Meetings Dept, 410 Commonwealth Drive, Warrendale, PA 15086-7512 (EE.UU.). Tel. (412)776 1587. Fax: (412)776 0430.                                                                                                                                                                             |
| 26-30 mar. | Sharm El-Sheikh,<br>Sinai<br>(Egipto) | <b>Bridge engineering conference "Past achievements. Current practices. Future technologies".</b> Para mayor información dirigirse a: Dr. Ahmad Moharram Jr. - Conference 2000. PO Box 62, Dokki, Giza (Egipto). Tel.: +20 2 337 7120. Fax: +20 2 335 2795. E-mail: amjr@intouch.com                                                                                                                                                                                         |
| 26-31 mar. | Orlando, FL<br>(EE.UU.)               | <b>Corrosion 2000. 55th annual conference &amp; exposition.</b> Patrocina: NACE International. Para mayor información dirigirse a: National Association of Corrosion Engineers. PO Box 218340, (EE.UU.). Tel.: (281)228-6200. Fax: (281)228-6300.                                                                                                                                                                                                                            |
| 29-31 mar. | Adelaida<br>(Australia)               | <b>FLOTATION 2000.</b> Organizada conjuntamente por el Wark Research Institute y el Julius Kruttschnitt Mineral Research Centre (Australia). Para ampliar esta información dirigirse a: <a href="http://www.min-eng.com/flot2000.htm">www.min-eng.com/flot2000.htm</a>                                                                                                                                                                                                       |

|            |                                 |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |

- 12-16 jun. Guildford, Surrey (Reino Unido) Short course on **Composite materials technology**. Para mayor información dirigirse a: Derek Saunders Manager of Continuing Education. School of Mechanical and Materials Engineering. University of Surrey Guildford GU2 5XH (Reino Unido). Tel.: +44(0)1483 879 612. Fax: +44(0)1483 876 291. E-mail: D.Saunders@surrey.ac.uk
- 13-16 jun. Espoo (Finlandia) **30th annual international symposium on environmental analytical chemistry (30th ISEAC)**. Para mayor información dirigirse a: Mrs. M. Frei-Hausler, PO Box 46, CH-4123 Allschwil 2 (Suiza). Tel.: +41 61 481 27 89. Fax: +41 61 482 08 05. E-mail: iaeacmfrei@access.ch
- 14-16 jun. West Conshohocken, PA (EE.UU.) **33nd national symposium on fatigue and fracture mechanics**. Patrocina: American Society for Testing and Materials. Para mayor información dirigirse a: Dorothy A. Itzpatrick, ASTM, 100 Barr Harbor Drive, West Conshohocken, PA 19428 (EE.UU.). Tel.: (610) 832 9677. Fax: (610) 832 9666.
- 19-21 jun. Madrid (España) **Second international conference on computational methods for smart structures and materials**. Patrocina: Universidad Politécnica de Madrid. Otros patrocinadores: Wessex Institute of Technology. Para mayor información dirigirse a: Susan Hanley, Wessex Institute of Technology, Ashurst Lodge, Ashurst. Southampton SO4 2AA (Reino Unido). Tel.: 44(0)2380 293 223. Fax: 44(0)23 80 292 853. E-mail: shanley@wessex.ac.uk
- 19-22 jun. París La Défense (Francia) **4th European coke and ironmaking congress**. Para mayor información dirigirse a: Congress Paris 2000. ATS. Immeuble Pacific - 11 cours Valmy. F-92070 La Défense cedex (Francia). Tel.: (33) 1 41 255 690. Fax: (33) 1 41 255 858. E-mail: congres.an2000@ats.ffa.fr
- 19-22 jun. Denver, CO (EE.UU.) **21st AIAA advanced measurement technology and ground testing conference; beyond 2000: the application of 21st century measurement and testing technologies to address critical future issues in the advancement of aerospace science**. Patrocina: American Institute of Aeronautics and Astronautics. Para mayor información dirigirse a: American Institute of Aeronautics and Astronautics, 1801 Alexander Bell Drive, Suite 500, Reston, VA 20191-4344 (EE.UU.). Tel.: (703) 264 7500. Fax: (703) 264 7657. E-mail: custserv@aiaa.org - Internet: <http://www.aiaa.org>
- 19-22 jun. Madrid (España) **V congreso nacional de corrosión y protección**. Para mayor información dirigirse a: Fundación Gómez-Pardo. Alenza, 1. 28003 Madrid (España). Tel.: 91 441 79 21 - 91 442 26 56. Fax: 91 442 95 29. E-mail: acamara@qyc.upm.es
- 19-23 jun. Albuquerque, NM (EE.UU.) **EXPLOMET 2000™ International conference on fundamental issues and applications of shock-wave and high strain-rate phenomena**. Para mayor información dirigirse a: Materials Science Technology, MST-6. Los Alamos National Laboratory. PO Box 1663, MS G770. Los Alamos. NM 87545 (EE.UU.).
